

RETAKE/REDO POLICY

This is an opportunity for any student who wants to put forth the effort, however, we'll work on strategies to help you the first time around so that you don't need to worry about retaking/redoing assignments. But *these policies might change upon teacher discretion.*

*****Doing a redo/retake is an option for students, however, if you earn below a 60% on your test/quiz you will be required to complete the corrections and retake the test/quiz (no exceptions)!*****

ASSESSMENTS (TESTS/QUIZZES):

- ✓ Use the **"How to Study" Guide** before assessments.
- ✓ If you get your score back and you aren't happy, you **MUST** do the following:
 1. **conference with Ms. Sereika** on your own time or during class to go over answers and talk about strategies for studying,
 2. **complete the corrections activities**
 3. complete the **"How to Study" Guide** document to plan for how you will learn the material you need to learn.
- ✓ Do the retake the test/quiz with the possibility to earn **full credit**. Ms. Sereika will give you a timeframe for the retake and it is up to you to follow through.
- ✓ The questions **will not be identical** to the original ones.

ASSIGNMENTS:

- ✓ Use all the **comments** and **feedback** from Ms. Sereika and the rubric for the assignment.
- ✓ If possible, turn in the old assignment with the new assignment.
- ✓ Complete any reflection questions required.
- ✓ In some cases, students will be given a replacement assignment or modified assignment from the original.
